

Join the WCZC as we cruise down Route 66 from Joliet to Atlanta, IL ending up just north of Springfield. This will be a nice drive as we follow each other's Z's with the original Route 66 signs and pavement on either side of us, along with interstate 55 for any members wanting to head back before the others. We start in Romeoville at the Burger King, 304 N Independence Blvd at 9:00AM sharp. This means your Z is full of gas as well as your coffee as we line up a few minutes before at 8:55AM. We will make a quick second stop for any members coming from Interstate 80 as they will exit at 132 and head south about 3 miles to the Route 66 Food and Fuel at the SW corner of 53 and Laraway Rd (2401 S Chicago St, Joliet). Once again everyone should be lined up at 9:25 as we'll head south at 9:30 SHARP. We have a photo stop in Odell at the restored Standard Sinclair gas station (Museum, no gas) then off to Pontiac to visit the Route 66 museum as well as the Pontiac/Oakland museum before heading south a few more miles for lunch at Chenoa. Then we continue south to Atlanta where they will have a small car show that we can walk around as well as a photo of our Z's grouped together by the J. H. Grain Elevator museum. Then we turn around and head back the same way stopping in Braidwood at the Polk-a-Dot Drive-in for dinner before we all head home. Members always have the option of heading home earlier on US 55 if needed. Rain date will be the following Saturday the 18th but we hope for great weather on the 11th! Plan on about 300 miles for the day from the starting point and having dinner around 5-5:30. We will post the driving directions on the website for all members to download and print out before the event. If you are not able to print the directions please email the [webmaster@windycityzclub.com](mailto:webmaster@windycityzclub.com) and directions will be printed for you. Please look them over ahead of time so you will know what is up ahead and enjoy the history as we pass it by and make your plans to come back and visit on your own time.
